Upcoming Event

The DREAM food models project will be presented at following events:

23-January-2013

[Presentation of Dream Cheese Models : Hard Cheese/Soft cheese - Workshop for cheese companies and research](#)
Rennes, France

The International Conference "From Model Foods to Food Models" will be held from 24th until 26th June 2013 in Nantes, France. Topics of the conference are:

- food process-structure relationships,
- food structure - function relationships and
- food modeling.

Within the conference frame we will also have a round table discussion about strategies to promote the models and about the sustainability within the modeling approaches. Special attention is also given to young scientist and their work through Student Paper Call. For more information about the conference, its topics, committees, student paper call and much more visit the conference website:
