## **I. Objectives**

The main objective of the scientific workshop was to present DREAM project to the scientific community.

## **II. Deliverable procedure**

The Scientific Workshop of the DREAM project was carried out under frame of the 5<sup>th</sup> Central European Congress on Food (CEFood) that was held on 19<sup>th</sup> – 22<sup>nd</sup> May 2010 in hotel Tatra, Bratislava, Slovak Republic and organised by VÚP Food Research Institute.

The 5<sup>th</sup> Central European Congress on Food conference program focused on latest progress in fundamental and applied food science, research and development, innovative technology, food safety and market, functional and bioactive food, new trends in nutrition and health.

CEFood Congress 2010 also gave unique opportunity for food scientists, researches, technologists, producers and nutritionists, young scientists and students for presentation of results and findings of their own work and discussion about mutual international cooperation in the frame of 7 EU frame program.

The DREAM project Scientific Workshop took place on Saturday, 22<sup>nd</sup> of May 2010. Scientific Workshop was carried out under CEFood session entitled “FOOD QUALITY MANAGEMENT AND SAFETY – CONDUCTED BY FP7 DREAM CONSORTIA”.

During the 5<sup>th</sup> CEFood other dissemination activities were carried out as well (poster exhibition and flyer distribution).

### **III. Conclusion**

The scientific meeting of DREAM project has been successful from both, scientific and dissemination point of view. After the presentation conducted by DREAM project, extensive discussion took place. The questions set up during discussion were referring to applicability of the DREAM project outcomes for SMEs. Referring to DREAM project applicability the discussion also hint at other EU research projects applicability.
